

13th INTERNATIONAL CONFERENCE ON FOOD PHYSICS
24-26 OCTOBER 2018, ANTALYA - TURKEY

SPONSORSHIP OPPORTUNITIES

The 13th International Conference on Food Physics (ICFP 2018) will take place in Antalya, Turkey. The goal of ICFP 2018 is to strengthen at academic and industrial levels the scientific understanding of product design and engineering and to stimulate and accelerate the development of innovative, complex and highly structured products and suitable production processes.

The scope of the congress is to encourage the exchange of ideas and future collaborations all around the world, introduce new techniques and instruments, and present recent developments in this field of research. In the congress, all aspects of spectroscopic methods as well as related computational and theoretical approaches will be considered. Contacts between young researchers and prominent experts will be particularly stimulated, aiming at the development of future collaborations. We are sure that the congress will provide a stimulating environment for many interesting scientific discussions. Aiming at reinforcing the quality and the international projection of this Conference, we cordially invite your Company to be included in the group of sponsors of this international event. In order to provide the possible sponsors with flexible options for sponsoring, which are more adjusted to each Company's priorities, we submit to your appreciation a list of different forms of collaboration, which can be found below. Hoping to be able to count on your participation in this initiative, we would like to present you our best regards.

Prof. Dr. Ayhan TOPUZ & Prof. Dr. Ahmet KUCUKCETIN
